**Re: Keystone Landfill a Superfund Site**

**Dear Ms Chase:**

**This is to advise that the supervisors of Union Township presently have no objections to the new proposal to clean up the landfill as outlined by the EPA at the recent public meeting held in Abbottstown, PA.**

**We would continue to remind EPA of the need to bond the roads to be used to haul any cover that would be used to cap the landfill.**

**Very truly yours,**

**UNION TOWNSHIP**
